**** Please Read ****

Following are important rules and information you need to be aware of for the 2014 Fair.

BEEF CATTLE SHOW RULES

ALL CATTLE MUST BE VET CHECKED BEFORE ENTERING BARN.

Exhibitors must submit vet check-in slip to the Superintendent of their livestock department in order to proceed to livestock barn. NO EXCEPTIONS.

REGISTRATION PAPERS MUST BE CHECKED IN AT BEEF OFFICE UPON ARRIVAL.

No smoking or alcoholic beverages are allowed in the barns.

If you can't handle your cattle, please leave them home.

ENTRY FEES

Entry fees must be paid at the time online entry registration is submitted.

All beef animals, including animals in the junior show must be entered in and pay entry fee for the open show. Junior show animals must also enter junior show classes, but need not pay an additional entry fee to the Fair. A fee may be charged by the junior associations. Do not send association fees to the Fair office. Animals must be entered in junior's name.

CANCELLATION AND SUBSTITUTION

Entry fees will not be refunded unless superintendent is presented with a veterinary certificate stating health reason for cancellation.

If you are unable to show after you have entered your animal, please notify the Entry Office, 253-841-5074 immediately.

Substitutions within same breed must be cleared through the Fair department superintendent. Substitutions must be received Monday, August 18, 2014 in order to appear in the show program.

SHOW REQUIREMENTS

Total entries of less than 30 head of any breed in a given year may be grounds for elimination of that breed from the show schedule the following year.

No calves shall be entered with birth dates later than April 30, 2014 unless breed so states.

Animals must be shown by a single individual in all classes, except group classes.

Bulls over one year old must be shown with a nose lead.

All animals entering the judging ring must have their entry numbers prominently displayed on the person showing the animal.

An exhibitor is defined as: Any person or partnership in whose name cattle are registered. This shall include individual members of a family.

JUNIOR EXHIBITORS

1. Junior exhibitors must be the sole registered owner of their animals to qualify for premiums in the junior show, unless otherwise specified by specific breed association rules, with the exception of Pee Wee Showmanship.
2. JUNIOR ANGUS EXHIBITORS must include their American Angus Association Member Code and birth date in order to receive additional premiums offered for breed classes by the American Angus Association.
3. All junior shows must have at least 10 exhibitors to qualify for premium money. The Fair will limit matching premiums to \$750 for each junior show.

GROUP CLASSES

If you wish to compete in any group classes, you must enter those classes when registering your entry online. No entry fee for group classes.

Any animal to be shown in any group classes must first be shown in its proper individual class.

In group classes, an exhibitor is defined as: All members of a family or partnership where the cattle are housed on the same farm.

NURSE COWS

Any cow nursing a calf which is not her own is considered a nurse cow, and not permitted.

REGISTRATION / OWNERSHIP

All animals entered for exhibition shall be registered in a recognized breed association, and the exhibitor shall present registration certificates to the Beef Cattle Show superintendent at the time the cattle are admitted.

All entrants must have current and valid registration in the breed association sponsoring the show in which they are to participate.

Fair officials shall check all certificates for ownership, age, correct entry in class, and identification of the animal when cattle arrive at the Fair. Animals with incorrect or illegible tattoos will be barred from showing. Tattooing will not be

allowed on Fair property. All exhibits must be exhibited under ownership of the person(s), partnership or company whose name appears on the registration papers. Signed transfer applications will not be accepted as evidence of ownership.

ARRIVAL AND DEPARTURE AND CATTLE RELEASE

Exhibitors are requested to have stalls and cattle ready by 8 am for opening of the Fair each day. Only two head from a string may be tied to the wash rack at one time.

All animals must remain in barns until their designated release time as set by the Fair and department superintendents. Failure to do so could result in forfeiture of premium money and, potentially, the privilege to show at future Washington State Fair livestock shows. All exhibitors should make every effort to vacate their stalls as soon as possible after being released, during the designated time, to facilitate barn cleaning prior to the arrival of other animals.

Cattle must be out of the barn by 8:30 pm on release nights.

Animals may no longer be walked on or off the grounds because of serious environmental concerns directly related to animal waste. Any animal (except horses) that cannot be transported in a solid bottom carrier must be removed in a truck, trailer or similar conveyance.

Exhibitors will need to have a haul slip in their possession for all cattle, out-of-state or in-state.

HAY AND BEDDING

All feed must be kept in the stall area.

Shavings will be used for all bedding in the Beef Barn.

The hay storage shed will not be open to exhibitors. Please order hay in writing from your superintendent before 6 pm for the following morning's requirements. Hay bales should not be used for purposes other than feed.

All hay and bedding for cattle exhibited in the cattle department will be furnished by the Fair, free of charge.

BARN AND STABLING

No butt fans will be allowed.

THERE WILL BE NO NIGHT TIE-OUTS.

All cattle must be double tied while in stalls (halter plus neck rope).

No dogs are permitted in the Beef Barn.

TAMPERING

Tampering and Misrepresentation: Any artificial means of removing or remedying the physical defects or conformation in the exhibition of cattle, such as cutting ties or lifting and filling under the skin will be considered as fraud and deception. All animals showing evidence of such treatment will be barred from competition at the Washington State Fair. Misrepresentation of the age of an animal will be considered in the same light.

PREMIUMS

Each exhibitor is limited to two (2) premiums per class, except where noted.

Premiums are awarded to exhibitor/owner name registered online, not handler.

A Social Security Number will no longer be required on the entry form. If an exhibitor is likely to earn over \$600 in premiums, a W-9 form must be filled out by that exhibitor and turned into the beef office at the time of check-in. A W-9 will be mailed to those exhibitors who earn over \$600 and don't have a W-9 on file in the entry office. Premiums will be withheld until a completed W-9 form is received in the Entry Office (this is a requirement from the IRS.) Canadian exhibitors are required to complete form 8233 before premiums can be paid.

CHAMPIONSHIPS

The competition for reserve championship in both sexes shall include the animal winning second place in individual class which furnishes the grand champion, in addition to the first place winners in all other classes. The Grand Champion Heifer and Bull in each breed will receive a prize of \$50 (Prize Schedule #4.) No Reserve premium.

PREMIER AWARDS

In computing the award for Premier Breeder, credit will be given in all regular single classes. This award will be given to the breeder winning the most points on his best six head; including animals bred by him and exhibited by others. In case of a tie, the exhibitor with the most champions will be the winner, unless otherwise stated by breed.

The award for Premier Exhibitor will be computed in the same manner as Premier Breeder on the top six animals owned by exhibitor. The calculations will be made on listed premiums. In case of a tie, the exhibitor with the most champions will be the winner unless, otherwise stated by breed.

VETERINARY RULES

To see the general Livestock Health Requirements click on the Veterinarian information link in front of this book. 2014 EXHIBITION LIVESTOCK HEALTH REQUIREMENTS INCLUDE MANY CHANGES. PLEASE READ CAREFULLY. Out-of-state exhibitors should note there is a section applying specifically to out-of-state cattle exhibitors.

NOTE TO CANADIAN EXHIBITORS

(This information will apply when the border restrictions are lifted)

For show purposes, Canadian cattle, beef or dairy must comply with Washington's import requirements. Non-vaccinated Canadian cattle may enter the Fair. The Brucellosis and Tuberculosis tests are no longer required on Canadian cattle. Exhibitors should check with Agriculture Canada to determine most current requirements affecting their return to Canada from the Fair. A valid health certificate and entry permit must accompany shipments of all classes of cattle into the state of Washington. Entry permit **91-WA18549** may be used on all Canadian shipments coming to the 2014 Washington State Fair. This number is to appear on the health certificate accompanying the cattle. There is a 30 day limit on Canadian cattle using this entry permit.

PASSES

Each exhibitor will be given one pass per day per each five head entered. Passes can be picked up from the superintendent at check in at the Fair for use by the exhibitor or their herdsman.

EXHIBITOR DINING AREA

EATING IN THE BARN VS. E. COLI O157:H7 – EXHIBITOR COOPERATION NEEDED

Our barns have signage reminding Fair guests to "Wash your hands upon leaving any livestock area", as well as "Please refrain from eating in livestock areas".

The State Health Department has asked the Fair to request that our livestock exhibitors set an example for Fair guests and refrain from eating in most areas of the barns. In order to accommodate the Health Department's request, as well as address our exhibitors' needs, we have set aside an area, screened from public view, in the south end of the dairy barn where exhibitors may eat.

ELECTRICAL APPLIANCES

All extension cords used in the barn must be 14 gauge or heavier.

Electrical appliances which draw more than 200 watts and which are used for the personal convenience of exhibitors (kettles, coffee pots, space heaters, air conditioners, hot plates, etc.) are not allowed without permission. Please check with your superintendent. A costly power failure can result from overloading circuits.

No cooking is allowed in the barns.

DORMS

No 4-H dorm space will be available to open class exhibitors. Dormitories at the Washington State Fair are for use by 4-H State Fair and State FFA Exhibitors and chaperones, only while participating in the 4-H State Fair or the Washington State FFA Exhibition

SUGGESTIONS FOR EXHIBITORS

Every animal exhibited must constantly be kept in the best possible condition. Stalls must be kept clean. The Fair will furnish sufficient help to remove manure from the barns to prevent an accumulation.

Attractive and informative signs concerning ownership and breeding are encouraged. The superintendent of the Beef Barn should be consulted to determine the most desirable location for them. No "FOR SALE" sign, or signs advertising any brand of feed or other commodity will be permitted in the cattle barns.

Every exhibitor should be interested in keeping the Cattle Department as attractive as possible. This cannot be done if each exhibitor undertakes to show his cattle in his own way, and not in harmony with the entire exhibit. All exhibitors are requested to have stalls and cattle ready by 8 am for the opening of the Fair each day.

An exhibitor is unfair to himself, or the owner of the cattle they are exhibiting, if they do not present the animals in the best of condition at all times. This cannot be done if a barrel of water, a few bales of hay or straw, and a lot of cast-off clothing and unattractive bedding are permitted to interfere with the general appearance of the exhibit.

Recently, blocking or grooming chutes have come into general usage. As alleyways must be kept clear for Fair visitors, a grooming chute must be placed in the clip chute area. No special fee will be collected. However the superintendent requests that, if an exhibitor is going to use a grooming chute, he indicate his intention at the time he completes his entries so space can be allowed. We cannot allow obstructed alleyways, and it should be the duty of every exhibitor to present their exhibit in the best manner possible. The mess that is evident with the use of grooming chutes must be kept to a minimum.

TRAVEL BONUS

To encourage exhibitors through the western United States and Canada to exhibit cattle at the Washington State Fair, the Fair will offer a travel bonus to any exhibitor or exhibitor unit that meets the following criteria:

1. The maximum number of head for which any exhibitor will be paid a travel bonus is ten (10) head per exhibitor. There will be no minimum number required.
2. Any exhibitor inside or outside of the state of Washington shall qualify for the travel bonus.
3. Important: The exhibitor must apply for the travel bonus at the Beef Show office at check-in time. Fill out a travel bonus form that includes number of miles traveled to the Fair (please be accurate), county name, exhibitor name, farm name, address, number of head (up to 10 only), and the entry numbers of the head you are claiming. If you have made arrangements with another exhibitor to haul their animals in exchange for their travel bonus, you must list their name and the entry numbers of their animals on the form, along with your own (the total claimed may still only be 10 head).

Travel bonus payments will be allotted on the following scale:

Zone	\$ Per Head / Max. Allowed	
Counties within Washington state and out of Washington under 300 miles from Puyallup ...	\$15.00	\$150.00

Zone	\$ Per Head / Max. Allowed	
Counties out of State		
301 to 500 miles	\$20.00	\$200.00
501 to 700 miles	\$25.00	\$250.00
701 to 900 miles	\$30.00	\$300.00
900 or more miles.....	\$35.00	\$350.00

All mileage is based on distance to Puyallup.

IMPORTANT

If you wish to apply for the travel bonus, when you check in, request a travel bonus form. Fill it out indicating the number of miles you traveled to the Fair (please be accurate), the number of your own head you are exhibiting, and the entry numbers of your animals. It is your responsibility to make sure this information is accurate and turned in to the office.

ANGUS SHOW RULES

The American Angus Association, 3201 Frederick Avenue, St. Joseph, Missouri, will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense, and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.

Premiums from the Association are paid only to registered Angus cattle, and only if the registration number is a part of the show report provided to the Association. All cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay on championship or any group classes, (i.e. get-of sire, junior get-of-sire or breeder six-head).

Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.

Any female shown with a calf at side, the calf must be the cow's most recent natural calf, and the calf must be

registered by show date and have the original registration certificate at check-in.

Only one person at a time shall lead animals into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association rules, as found in the Breeders Reference Guide of the Association. These rules are found in Part 2, Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 series; including Rules 800-810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors, or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white gloves" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules, and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

**AMERICAN ANGUS ASSOCIATION
OPEN SHOW CLASSIFICATION FOR ANGUS**

Any classes listed in this classification which exceed 15 head per class should be broken into smaller classes. This should be accomplished by dividing the class as evenly as possible without splitting animals with the same birth date.

Example 1: If 16 head are entered in Class 4, the class should be broken into two classes of 8, a class 7 and 9, or a class of 10 and 6.

continued...

Example 2: If 32 head are entered in Class 4, the class should be divided into three classes consisting of two classes with 11 head, and one class of 10 head, or similar, without putting animals with the same birth date in different classes.

Class breaks will be at the discretion of the American Angus Association staff in attendance.

This Classification is effective for shows July 16, 2014 to December 31, 2014.

Only registered Angus cattle that meet the age requirements listed within this classification are eligible to receive premium participation and be counted in the total number of head shown – champion and reserve champion placings are not counted in number of head shown.

ENTRY FEE IS \$16.50 FOR INDIVIDUAL CLASSES.
NO ENTRY FEE FOR GROUP CLASSES.

JUNIOR ANGUS SHOW

DIVISION 601

JUDGING

Saturday, Sept. 6, 2014 – 2 pm

JUDGE

John Ramsey – Redmond, Oregon

JUNIOR ANGUS SHOW RULES

The Junior Association will assess a \$5 per head fee to be collected before the show. Please pay the Western Washington Jr. Angus Association treasurer at the show. DO NOT SEND TO FAIR!

The American Angus Association, 3201 Frederick Avenue, St. Joseph, Missouri, will participate in premiums offered in individual classes for Junior Angus Heifers as included in its standard show classifications according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

JUNIOR ANGUS EXHIBITORS must include their American Angus Association Member Code and birth date in order to receive additional premiums offered for breed classes by the American Angus Association.

A minimum of fifteen (15) head must be shown in the Junior Angus Heifer classes to receive American Angus Association premium participation. The show is not required to have all classes to be eligible for premiums.

Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.

To be eligible for Association premiums heifer entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individual show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay a percentage on premiums offered in championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.

Exhibitors must have the original registration certificate issued by the American Angus Association available for

inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.

Any female shown with a calf at side, the calf must be the cow's most recent natural calf and the calf must be registered by show date and have the original registration certificate at check-in.

Only one person at a time shall lead animals into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association rules as found in the Breeders Reference Guide of the Association. These rules are found in part 2; Association rules. The rules relating directly with the exhibition of Angus cattle are part 2: association rules; rule 800 series; including rule 800-810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association rules and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

continued...

All entries must be received by August 1, 2014.

The Washington State Fair will pay premiums to match those being offered to the Junior Angus Exhibitors by the Washington Angus Association, not to exceed \$750. Juniors must have 10 exhibitors to receive money from the Fair.

AMERICAN ANGUS ASSOCIATION STANDARD CLASSIFICATION FOR JUNIOR HEIFER SHOWS

Any class listed in this classification, which exceeds 15 head per class, should be broken into smaller classes. This should be accomplished by dividing the class as evenly as possible without splitting animals with the same birth date.

Example 1: If 16 head are entered in class 4, the class should be broken into two classes of 8, a class of 7 and 9, or a class of 10 and 6.

Example 2: If 32 head are entered in class 4, the class should be divided into three classes consisting of two classes with 11 head and one class of 10 head or similar without putting animals with the same birth date in different classes.

Class breaks will be at the discretion of the American Angus Association staff in attendance.

This classification is effective for shows from July 15, 2014 to December 31, 2014.

Only registered Angus cattle that meet the age requirements listed within this classification are eligible to receive premium participation and be counted in the total number of head shown. Champion and reserve champion placings are not counted in number of head shown.

They must be shown with a bull lead. No tie-outs are allowed in show ring. The American System is used for judging and placing. Tampering and misrepresentation: Any artificial means of removing or altering the physical characteristics or conformation in the exhibition of cattle, such as cutting ties or lifting and filling under the skin will be considered as fraud and deception. All animals showing evidence of such treatment will be barred from competition. Misrepresentation of the age of an animal will be considered in the same light. The Fair and/or superintendent reserve the right to add, split or combine lots as deemed necessary in the best interest of the show. Exhibitors agree to abide by the IAFE (International Fair and Expositions) National Code of Ethics. The Fair reserves the right to substitute the judge, as necessary.

All entries will be subject to an inspection for tattoos, registration and health papers prior to the show. No tattooing will be allowed at the Fair.
